GROUP PHILOSOPHY

Sustainability is a natural vocation for the Group which works with certified paper, powers itself with renewable energy and places its commitment in the circular economy. ESG issues have always been at the center of attention and the Group's certifications are simply proof of this. Research and innovation are the company engine that allows real flexibility, not only declared, but expressed every day in the facts; because publishing in the world has different methods, needs and operational aspects.

GRAFICA VENETA

THE COMPANY

**LEADING EUROPEAN
COMPANY IN THE BOOK
PRINTING SECTOR.
IT CARRIES OUT THE
ENTIRE PRODUCTION
PROCESS IN ONE OF THE
LARGEST INDUSTRIAL
SITES IN EUROPE.**

Grafica Veneta was founded in the 80s by Sergio Franceschi and Rino Franceschi as a commercial printing company for the public administration bulletins. At the beginning of 2000, control of the company was given to the founder's son and nephew – Fabio Franceschi. Under his management,

the purchase of the first press for the production of black and white books took place. Thus began a new phase in the life of the company and a growth path that makes Grafica Veneta a giant of international book printing.

The company today

Currently the company carries out printing and binding activities in a single site which extends for more than 100,000 covered square meters in Trebaseleghe (PD). The photovoltaic system used in the plant has a capacity of almost 9 MWp and accumulates a savings of about 3,5 thousand tons of CO₂.

Company collaborators

Over 500 people make up the work community of this reality known worldwide for its operational performance and editorial projects.

EQUIPMENT LIST

GRAFICA VENETA IS ABLE TO BEST SATISFY ANY EDITORIAL NEED, BOTH FOR THE CREATION OF LARGE QUANTITIES AND FOR THE PRODUCTION OF PUBLICATIONS WITH PARTICULAR REQUIREMENTS OR FORMATS.

Offset printing

Web printing

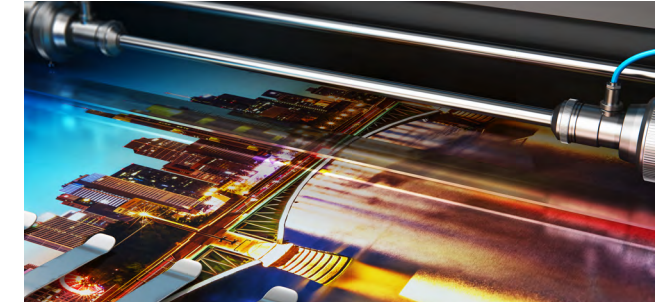

4 Timsons single color – 3 heatset – 1 IR dryer
4 Timsons two-colors or ZMR – 4 heatset

Web printing (4-color)

3 Koenig & Bauer web presses – heatset

Sheetfed

2 Komori sheetfed presses

Digital printing and binding

Digital Printing

1 Fuji Jetpress 750s sheetfed
1 KBA ROTAJET 1/1 – 270 meters/min – reel 130 cm
1 Canon Prostream 1800 (4/4 colors) web printing
1 Canon Colorstream (1/1 color) web printing

Digital Binding

1 Kolbus Digital binder – KM 200 with Kolbus folder
1 Heidelberg Digital binder – with Tecna folder

Bindery and book finishing

Folding

1 MBO folding machine
2 ends folding machines
1 Fidia flap benders

Perfect binders

2 Muller Martini perfect binding complete line with flaps in line and PUR glue, inline packing
2 Muller Martini perfect binding complete line, inline packing
2 Kolbus perfect binding complete lines, inline packing

Sewing and saddle stitching

2 Meccanotecnica sewing line – with gathering and 2 sewing machines
1 Muller Martini sewing line – with gathering and 2 sewing machines
2 Muller Martini saddle stitching – complete with gathering

Hard covers, case makers and casing-in

2 Kolbus Case Makers
1 Muller Martini complete hard cover casing-in machines with inline jacketing and inline packing
2 Kolbus complete hardback cover casing-in machines with inline jacketing and inline packing

Book and cover finishing

3 jacketing machines for paperbacks/manga with palletizer
1 spray edges machine
1 edge staining machine
3 Guillotine Polar – with jogger and palletizer inline
2 Paperplast laminators
2 SPS spot UV machine/ silk screen
1 Steinmann UV coater
2 Mec-Saroglia foil and stamping machine

Packing and delivering

4 automatic cartoning lines
2 shrink-wrapping machine lines for single copy or parcel
3 pallet wrapping machines – Bocedi and Robopac

CERTIFICATIONS

ECO-SUSTAINABILITY AND MATERIALS

The clean energy that powers Grafica Veneta every day

Carbon Neutral

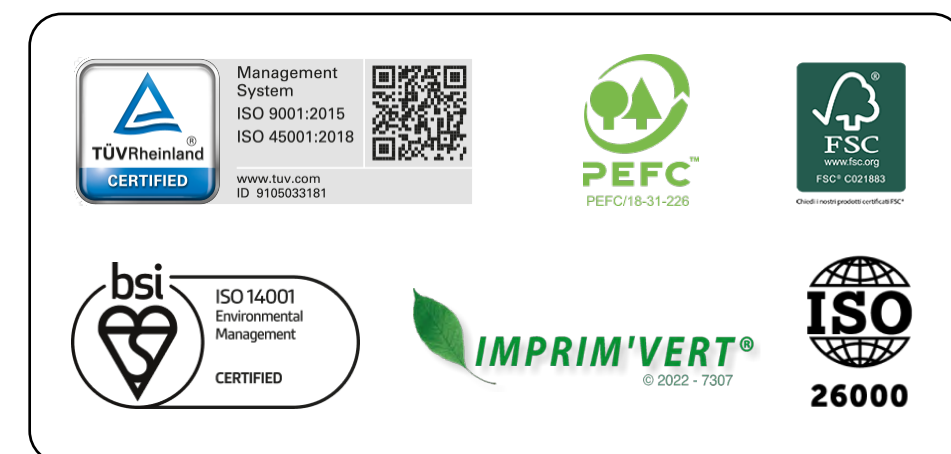

For a long time now Grafica Veneta has chosen to be powered by solar energy, and has obtained the CARBON NEUTRALITY certification by following the rules of the English specification PAS 2060.

The photovoltaic system used in the plant has a capacity of almost 9 MWp and accumulates a savings of over 3.5 thousand tons of CO₂.

Our attention to materials

Grafica Veneta has always oriented its choices towards environmentally friendly materials that allow for the highest degree of reuse.

As proof of this, the company holds the following certifications:

LAKE BOOK MANUFACTURING

THE COMPANY

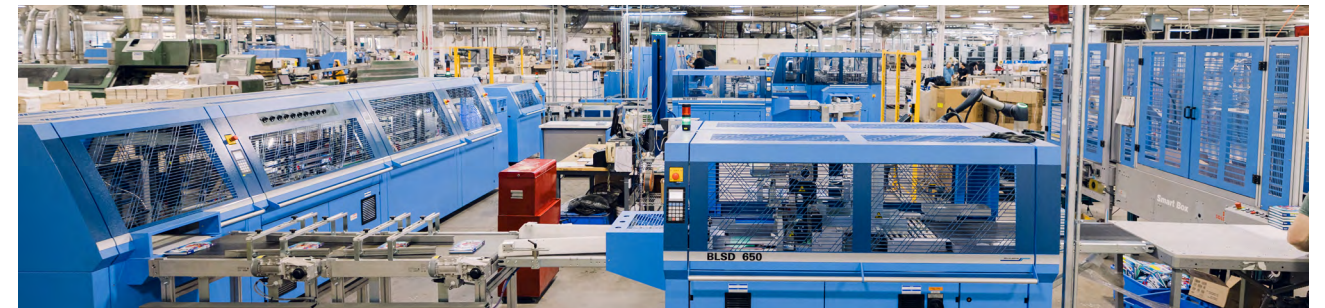

ONE OF THE MOST
IMPORTANT PLAYERS IN
THE NORTH AMERICAN
PRINTING ARENA
WITH CUTTING-EDGE
MACHINES.

History

Founded in 1970 by the Genovese family, the company has been active for over 50 years in the production of books and represents one of the most important companies in the North American market. Since 2021 it has passed totally under the control of GV Group, completely renovating the plant and introducing new cutting-edge production lines. An example of excellence in the printing sector, it has achieved high quality standards, starting a virtuous path for certifications in the field of sustainability.
